Charity

## Shannon Noll Coming to town

The people of Moranbah are being treated to an evening of entertainment thanks to The Hornerly Group presenting it's 1st Annual Moranbah Community Music Festival. Shannon Noll will be singing at the Hornerly Business Complex on Railway Road in coming weeks. Shannon will be supported by the 80's rockers the Choirboys and special guest DJ Dave Peters from Sea FM Mackay spinning the decks in between sets. The Concert is supporting the RACQ CQ Rescue Helicopter and RBWH Foundation. This is not the first time this caring family business has

helped charities and we are sure it will not be the last time that this family put their hands in their pocket and gives back to the community. Shannon Noll visited Moranbah in 2012 to open the Hornerly Business Centre and was impressed by the The Hornerly Family and The Pink Truck initiative that he is now returning with his full band to play to the whole community. This event plans to be family adventure with Camel Rides, Sumo Suits, Gladiator Dual, Merry-go-round, Teenage Chill Room and so much more.

Once again mining leader BHP Billiton Mitsubishi Alliance has place support behind this wonderful event so the community of Moranbah can enjoy world class entertainment. Angol American has also sponsored this event showing it support to our town and the need for the CQ Rescue Helicopter which has transported many Moranbah and surrounding areas residents to hospital in times of need.

*This event has every intention of "Helping our Community by Helping Others," the perfect gift of giving.*

## Moranbah's 4U2 Family Concert
